Signature of Applicant: On behalf of Applicant:	Date:
--	-------

Please return this form to the relevant local authority for the area in which the feed business establishment to which this statement of compliance relates is situated.

EC Feed Hygiene Regulation (183/2005) List of Activities Relevant to Farms

Farms

Code	Activity description	Notes
R13	Livestock farms which do not mix feeds or mix feeds without additives	This includes fish farms.
R14	Arable farms growing or selling crops for feed.	

Note: There are two other activities applicable to farms, which are:

R10	Mixing feeds, on farms, with additives and premixtures.
R11	Mixing feeds, on farms, with compound feedingstuffs which contain additives.

However, a compliance statement **does not** have to be made for farms carrying out these activities as they were subject to registration under previous legislation (EC Directive 95/69, implemented in the UK in the Feeding Stuffs (Establishments and Intermediaries) Regulations 1999). These farms were required to notify their local authority by 1 January 2006 that they wished to continue their activities under the EC Feed Hygiene Regulation (183/2005).
